

The Sunrise Women's Clinic is a non-profit, pro-life, Christian organization whose vision is to be our communities and surrounding communities most trusted source of pregnancy education and support. As a medical clinic operating under the guidance of a medical director, we offer free and confidential services. These services include pregnancy testing and limited obstetrical ultrasounds with our new, highly innovative 4-D ultrasound machine.

It is our mission to empower women and families to make informed decisions about their pregnancies and we accomplish this through our on-site patient advocates and registered nurse. Pregnancy and parenting are filled with a tremendous amount of uncertainty. That is why we offer programs such as "Earn While You Learn!" This program helps to answer many of the questions our clients have and helps ease their anxiety and fears that come with parenting. These clients want to learn how to be good parents while raising a healthy, happy child. This is done by taking part in our Bright Course Lessons. These lessons can be done on-site, or if distance is an issue, can be done on-line as well. The course lessons range from prenatal care to parenting into the toddler years. They also include co-parenting lessons, learning life skills such as hygiene, anger management, and finding a job, as well as fatherhood lessons and Bible studies. The exciting part is, is that the more lessons you take part in, the more points you earn to shop in our Baby Boutique. Our Baby Boutique is stocked with items such as clothing from 0-3T, diapers of all sizes, wipes, blankets, and most anything an individual or family needs to provide for their child. Through regular lessons, our clients better understand the challenges and joys that lie ahead for them and their baby. Soon-to-be moms who complete 10 lessons receive a starter gift basket as well as a free car seat!!

Sunrise Women's Clinic services don't stop there, however. We also provide information on sexual integrity and healthy relationships, abortion risks & alternatives, post abortion support, miscarriage and stillbirth support, as well as community referrals for medical care, social services, churches, and adoption services. All of these services are confidential and of no cost to the client.

Sunrise Women's Clinic depends on support from individual donors, churches, and businesses in our community and surrounding communities. Our client base stretches over a 100 mile radius in every direction, from Plentywood to Glasgow, Williston to Glendive. And it is our continued hope to be able to offer these services free of charge. Our fundraising events include a Baby Bottle Blessing, a Family Walk for Life, and our end of the year fundraising gala, which will be held December 8<sup>th</sup>. We can be reached by calling our clinic at 406.433.7772, liking us on Facebook @ Sunrise Women's Clinic, or following us on our Instagram page @ sunrisewomensclinic. Contact us today; the difference you make is LIFE!
